

## Customer Data Use and Model Training Permission Statement

### Purpose:

This statement sets out the terms under which **Vaidio** (“**we**”, “**our**”, “**us**”) may use customer-provided data for the purpose of training customized artificial intelligence (AI) models and related activities.

### 1. Data Ownership and Responsibility

- The customer (“**you**”) retains full ownership and control over all data, images, and materials (“**Customer Data**”) provided to us.
- You confirm that you have the legal right and necessary permissions to share the Customer Data with us for the purposes described in this document.
- You acknowledge that certain Customer Data may contain personal data as defined under the EU General Data Protection Regulation (“**GDPR**”), and agree to comply with all applicable data protection obligations.

### 2. Purpose of Data Use

You authorize us to use the Customer Data **solely** for the following purposes:

- Data labeling (whether performed by you or by us, as agreed in writing);
- Training, testing, validating, and fine-tuning customized AI models based on your specific requirements;
- Evaluating and improving the accuracy and performance of such customized AI models.

We will not use the Customer Data for any other purpose without your prior written consent.

#### 2.1 Definition of the Customer Data

The Customer Data are defined as the following:

---

File name: \_\_\_\_\_

Folder name: \_\_\_\_\_

Zip file name: \_\_\_\_\_

### 3. Data Handling and Protection

- We will process the Customer Data in accordance with our applicable data protection policies.
- Customer Data will be stored securely and will only be accessible to authorized personnel directly involved in the model training process.

### 4. Optional Permissions

Please indicate your preferences regarding the following optional uses:

#### (A) Use of the Customized AI Model for Other Customers

- ☐ **No** – We do **not** authorize Vaidio to use the customized AI model, in whole or in part, for other customers.
- ☐ **Yes** – We **authorize** Vaidio to use the customized AI model, or parts, features, or learnings derived from it, for other customers or general product improvement, provided that no Customer Data or identifiable information is disclosed.

#### (B) Use of Customer Data for Default Model Improvement

- ☐ **No** – We do **not** authorize Vaidio to use the Customer Data (including labels or annotations) for training or improving our default product AI models.
- ☐ **Yes** – We **authorize** Vaidio to use the Customer Data (and associated labeling), in anonymized and aggregated form, to train and improve our default product AI models, provided that no identifiable data is used or disclosed.

### 5. Contact and Authorization

By signing below, you acknowledge that you have read and understood this statement and consent to the processing of Customer Data as described above.
